SUMMARY

Lead product designer with 8 years of experience across cloud, logistics, banking, healthcare, hyperlocal commerce, fashion ecommerce and hospitality, with expertise in enterprise UX and B2B SaaS. Brings user research, design direction and hands-on craft to complex products, helping teams turn uncertainty into experiences people can use with confidence. Experienced in leading design projects, mentoring designers, managing stakeholders and working closely with product and engineering.

EXPERIENCE

Lead Product Designer

IBM | Apr 2025 – Present | Bengaluru, India

- Led design for Terraform Enterprise as a Service, combining eight setup stages into one IBM Cloud journey. Managed provisioning went from days to 1 to 2 hours in testing; the service is in development.
- Tested prototypes with three experienced Terraform users, identifying issues with credentials, navigation and service responsibilities. Feedback averaged 6.1 out of 7 across five questions.
- Aligned product, engineering, architecture and service reliability teams on licensing, networking and access. Designed setup, first use, failure recovery, licence changes and deletion.
- Used AI tools to prototype an advanced service-management experience across monitoring, workspaces, permissions and policy checks, defining the handoff between IBM Cloud and Terraform Enterprise.

UX Design Lead

Brillio | Jul 2021 – Dec 2023 | Bengaluru, India

- Led design initiatives for Hilton Hotels, VMware and Brillio's internal project billing portal; recognised as Brilliant of the Quarter.
- Mentored junior and senior designers, managed projects and integrated design into product strategy.
- Worked with design leadership on proposals and proofs of concept to win new client projects.

Product Designer, VMware (through Brillio)

VMware | Oct 2021 – Nov 2023 | Bengaluru, India

- Content Delivery Framework redesign: improved usability and accessibility of a technical documentation platform serving 500K–2M monthly users, increasing daily active users by 25%.
- Reduced search time by 50% and improved first-query success rate by 40% through search optimisation.
- Reduced translation and localisation time by 20% and cut content creators' task completion time by 30%.
- Skyline Advisor overhaul: led design for a platform used by 10,000+ customers; helped reduce critical issues by 50% and improve resolution time by 30%.
- Redesigned Log Assist, reducing log collection time by 85%.

Senior Product Designer

Cogoport | Nov 2018 – Nov 2019 | Mumbai, India

- Redesigned onboarding, freight rate discovery, container booking and shipment tracking; increased adoption by 20% and supplier retention by 15%.
- Brought customer and stakeholder research into decisions across the shipment journey.
- Reduced documentation handling time by 24–48 hours with 10% cost savings; 1,500+ containers booked in the first month after launch.

UX/CX Designer

Zensar Technologies | Mar 2017 – Oct 2018 | Pune, India

- Designed internal project and employee management applications with business, marketing and development teams; received the Q4 Quarterly Award (2018).

UX Designer, Nedbank (through Zensar)

Nedbank | Dec 2017 – Jun 2018 | Johannesburg, South Africa

- Researched, designed and tested credit card journeys across web and mobile banking.
- Increased user engagement by 20% and reduced support queries by 15%; team won the client's Best UX/UI Squad award.

UX/UI Designer (Freelance) | Doodhwala | Dec 2016 – Feb 2017 | Bengaluru, India

Reworked the mobile app around daily dairy and grocery purchase habits; designed branding, icon set and digital content.

UX Design Intern | Wooplr | Jun 2016 – Nov 2016 | Bengaluru, India

Helped the core product team build a framework for launching online fashion stores with zero inventory.

Research Intern | Toshiba | May 2015 – Jun 2015 | Bengaluru, India

Developed and pitched a sustainable business model for wastewater management through NID's summer programme.

Fashion and Lifestyle Accessory Designer | Arvind Lifestyle Brands (Bengaluru, India), Logotech Clothing (Kolkata, India), Kariwala Industries (Kolkata, India) | May 2013 – Apr 2014

Early work in fashion and accessories before moving into digital product design.
